

REAR MOUNT ICE MAKER KIT FOR SIDE BY SIDE REFRIGERATORS PART NUMBER 5303918344

1- 241709801 Ice Maker

1- 5304436606 Fill Cup

1- 241720601 Bail Arm Extension

1- 5303950213 Instruction sheet

The ice maker in this kit is a service replacement for all rear mount ice maker used in Electrolux products.

To install the kit;

1. Install the bail arm extension from the kit in the ice maker (See figure 1) using caution to place the bail arm extension in the correct position. The wide roll goes to the bottom. The fold on the top section goes toward the front of the refrigerator so the extension can fold to the back when the bucket is installed. Push the extension on until the under side top of the extension is against the wire bail arm.
2. Install the fill cup from the kit in the ice maker (See Figure 2) The fill cup tab on the bottom pushes into the channel on the ice mold next to the head of the ice maker.
3. Remove the ice bucket from the refrigerator
4. Remove the old ice maker from the refrigerator.
5. Install the new ice maker.
6. Reinstall in the ice bucket.
